BRAND IDENTITY / BOTANICAL SPARKLING TEA

---

A calm, tactile identity for a contemporary botanical sparkling tea. The system pairs cream materials with vermilion details and precise typography.

# QUIET STRUCTURE. STRONG RECALL.

## THE GOAL

Create a premium but approachable ritual brand with enough clarity for retail and enough character for culture.

## THE APPROACH

A modular identity built from a confident wordmark, red botanical symbols and warm paper-led applications.

## A ritual made visible.

Soft light, natural materials and decisive red accents build a campaign world that feels calm, contemporary and human.
